

VFS Luncheon:

11:30 AM on May 24, 2023 at

The Fort Eustis Club

2123 Pershing Ave, Fort Eustis, VA 23604

Mr. Tony Rich, from **Honeywell Aerospace**, plans to provide an overview of the Honeywell Aerospace portfolio, with a focus on the Engine and Power System (E&PS) portion of the technology sets. The discussion will include an overview of the Honeywell primary propulsion engines, auxiliary power units, and a few examples of future ongoing endeavors will be provided (T55-714C upgrade and hybrid electric / turbogenerator technologies).
